Russell Bedford International Annual Global Conference 2024: Rio de Janeiro

The Russell Bedford International Annual Global Conference 2024 brought together our worldwide network for an amazing week of insightful discussions, collaboration, and celebration on the fabulous Copacabana in Rio de Janeiro.

Ahead of the conference, Russell Bedford International CEO, Stephen Hamlet, and Events and Member Relations Manager, Kathryn Davis visited the host firm, Russell Bedford Brasil, at their Rio offices. It was a great opportunity to learn more about their practice, hear about their future plans, and meet their incredible team.

The conference opened with a warm welcome at the JW Marriott's Wayana Ballroom, where delegates got to reconnect with familiar faces, form new connections, and celebrate the anniversaries and achievements of Russell Bedford firms. See the award winners and the firms celebrating milestone anniversaries [here](#).

Day one began with executive sessions led by Stephen Hamlet and Global Chair Daniel Ryba, which set the stage for a full agenda. This included talks on unlocking the potential of generative AI, strategies for building cyber resilience, and examining the vital role of accountants in addressing fraud. Delegates also enjoyed a lively speed networking session, which created valuable new connections.

To round off day one, attendees enjoyed a memorable evening at Fogo de Chão, where they experienced an authentic Brazilian churrasco dinner, danced to samba music, and took in the breathtaking views of the Sugarloaf Mountain.

Day two featured more great sessions covering strategies for scaling up your accountancy business through digital marketing, discussions on ESG and how accountants are uniquely positioned to lead the conversation, as well as strategies for future-proofing succession planning and nurturing tomorrow's talent.

The final day included member-led discussion groups offering an open forum for feedback on the network, leading into the Annual General Meeting. This was followed by an exciting look ahead to Madrid – our host city for the 2025 Annual Global Conference.

A special highlight was a heartfelt video tribute to Network Development Director Kempton Bedell-Harper, who is set to retire after 24 years of dedicated service to Russell Bedford International.

The conference closing celebrations took place at the ICRJ Yacht Club, where delegates enjoyed a spectacular gala dinner and dance. As Stephen Hamlet, CEO, shared, "It's been another fantastic Annual Global Conference – an incredible opportunity for our colleagues across the network to reconnect and strengthen relationships. As we reflect on our progress, we're also energised for the future and remain dedicated to delivering the high-quality member support and services that define Russell Bedford International."

We extend a huge thank you to our delegates, speakers, and participants for their valuable contributions this year. Russell Bedford International members are encouraged to visit [the event page](#) for presentation materials and to view the event photos.

Kuwait firm Value Plus Business Advisory joins Russell Bedford International

Value Plus Business Advisory, a professional advisory firm, has joined global accountancy network Russell Bedford International to relaunch Russell Bedford Kuwait.

Founded in 2016 under the leadership of Executive Director Waleed Ehsan, Value Plus Business Advisory provides comprehensive accounting and business advisory services. The firm's team of professionals serves across diverse sectors including retail, technology, manufacturing, education, food and beverages, and healthcare.

Value Plus Advisory's wide range of services includes financial advisory (such as feasibility studies, business valuation, due diligence, and restructuring), accounting (including bookkeeping, management accounting, virtual CFO and financial reporting), and business risk and compliance (encompassing internal audit, risk management, corporate governance, and internal controls).

The firm also provides expertise in business start-up support, offering guidance on budgeting, structuring, and software selection.

Stephen Hamlet, CEO of Russell Bedford International said, "This strategic move allows the network to expand its global reach, strengthening our international capabilities and further solidifying our position in the Middle East."

Waleed Ehsan, Executive Director of Value Plus Business Advisory said, "We are excited to announce the relaunch of Russell Bedford Kuwait and are ready to continue providing expert accounting, tax, GRC advisory and corporate finance services tailored to the Kuwaiti market. At Russell Bedford Kuwait, we leverage global resources alongside deep local expertise to support businesses as they navigate the complexities of both international and domestic markets. With a refreshed focus and renewed energy, we're here to help local and multinational businesses thrive in today's ever-changing business landscape."

Success stories from around the world

We are delighted to share a number of achievements from Russell Bedford member firms around the world. **If you have an achievement you would like to share with us, please do not hesitate to get in touch with the central office team.**

Huge congratulations to the following:

Germany

Our member firm Domus AG, based in Berlin, has once again been awarded the title of 'Excellent Employer' for 2024.

France

Pyramide Conseils, the network's member in the Lyon area, has been listed as one of the 'Best accounting firm in France' for 2024.

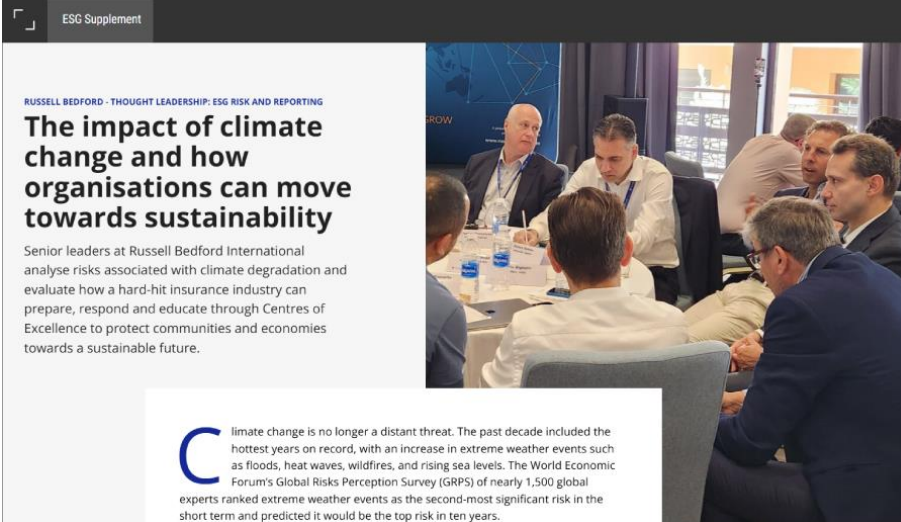

This recognition, published in the magazine 'La Profession Comptable', rewards the most dynamic and innovative companies in the sector.

Russell Bedford Featured in International Accounting Bulletin's ESG 2024 Supplement

Russell Bedford International is proud to be featured in the International Accounting Bulletin's ESG 2024 supplement, highlighting the pressing impact of climate change.

Our [main article](#) explores the significant social, environmental, and economic challenges posed by climate change, and how organisations are adopting sustainable practices as business risks like natural disasters continue to grow. Industries such as insurance are particularly affected and are responding by integrating climate risks into their strategies and investing in sustainable solutions.

ESG Supplement

RUSSELL BEDFORD - THOUGHT LEADERSHIP: ESG RISK AND REPORTING

The impact of climate change and how organisations can move towards sustainability

Senior leaders at Russell Bedford International analyse risks associated with climate degradation and evaluate how a hard-hit insurance industry can prepare, respond and educate through Centres of Excellence to protect communities and economies towards a sustainable future.

Climate change is no longer a distant threat. The past decade included the hottest years on record, with an increase in extreme weather events such as floods, heat waves, wildfires, and rising sea levels. The World Economic Forum's Global Risks Perception Survey (GRPS) of nearly 1,500 global experts ranked extreme weather events as the second-most significant risk in the short term and predicted it would be the top risk in ten years.

Russell Bedford International emphasises the importance of collaboration and setting clear sustainability goals. We encourage firms to incorporate sustainability into their core business strategies. Our [case study](#) featuring GNL Russell Bedford in Barcelona illustrates how businesses can work towards positive social impact through leadership, transparency, and a dedication to sustainability.

ESG Supplement

RUSSELL BEDFORD - CASE STUDY: MULTI-DISCIPLINARY TEAM COLLABORATION

Russell Bedford International in Barcelona: Objectives for sustainability

In recent years, sustainability has become a top priority for organisations around the world. Scientific warnings about the planet's condition have highlighted the urgent need for change. As a result, governments and major corporations have integrated sustainability into their policies. **Stephen Hamlet**, CEO of Russell Bedford International, says "it's inspiring to see our firms setting clear sustainability objectives."

GNL Russell Bedford, a firm within the Russell Bedford International network, based in Barcelona, is committed to playing a role in the global shift towards sustainable practices. Their Sustainability & Impact division has been working constantly to improve their sustainability value proposition, benefiting both the network and their stakeholders worldwide.
